Gentlemen:

This refers to the above-mentioned application filed on March 15, 2019 requesting special temporary authority to remain silent. You indicate that the station has been operating at approximately 30% of the station's authorized power since late July 2018. You mentioned that various attempts were made in January and February 2019 to return KMBH to full power operation. Unfortunately, the last such attempt caused additional damage to the transmitter, requiring the station once more to discontinue operation as of February 11, 2019.

In light of the above, special temporary authority IS GRANTED pursuant to Sections 73.1740 of the Commission's Rules. This authorization expires on **September 11, 2019**.

During this period of discontinued operation, you are directed to pay strict attention to Section 73.1740 (a) (4). That is, you must continue to adhere to the requirements in your station license pertaining to the lighting of antenna structures.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name.
